

MSI House of Delegates
April 28, 2007

ASCA-MN meetings are held most months on the first Wednesday of the month. These meetings are open to all coaches within MSI and we encourage participation. Attendance at these meetings has been steady but we always want more points of view, more points of discussion. This group tackles all aspects of MSI operation, from meet schedule to components of meet information. This is a great place to speak your mind in a constructive manner to make Minnesota Swimming even better. Check the MSI website for schedules of upcoming meetings as well as to view archived ASCA-MN minutes.

The Zones 2007 head coach has been selected by myself and Olga Espinosa (Sr Coach Rep). Team Minnesota will once again be led by Pat Anderson (MOOR). Pat has been a part of Team Minnesota several times and in several different roles in the past and brings a lot of experience to bear. He is currently confirming the availability of coaches for the staff and should be announcing the staff composition in the near future.

Respectively submitted,

Eric Seversen
Junior Coach Representative
