

Nominating Committee Report to 2007 House of Delegates

This year a number of two-year positions came open. The chair has asked for parents and volunteers to sit on the board as representatives of the population that MSI serves, but this has not been a very successful endeavor. Each monthly meeting is an opportunity to invite candidates to fill the positions that are available. The committee needs to explore ways to generate interest among the population that MSI serves and encouraging individuals to serve on the Board of Directors and Committees.

Natalie Kuramoto, Chair
