We continue to hold Stroke & turn clinics though out the year. At various locations thought out the state. This is the training starting point for all of all Stroke & Turn officials. John Witzel is the contact for all Officials training clinics.

The on-line testing was completed this fall. This puts everyone on the same two year recertification cycle. Over the next year Officials will have to return there blue cards and verify they have worked 10 sessions.

The assigning of referees and starters are done at the start of the season.

The officials committee initiated the negotiations with MSI & USA Swimming to put on the swimposim. This is chaired by Gail Anderson.
