RE: Committee Report for Board of Delegates

DATE: April 25, 2007

During 2006, MSI was a party to a lawsuit filed in Olmstead County by an MSI member requesting that his coach be allowed on deck for the Speedo Sectional meet at the University of Minnesota. As legislative chair, I was able to retain the pro bono services of an attorney who represented MSI at that hearing. The same attorney agreed to continue his representation of MSI at a board of review hearing concerning the same coach's membership in MSI. I assisted in the preparation of documents and witnesses for both proceedings.
